

# SCHOOL SONG FOR NAGASAKI UNIVERSITY OF FOREIGN STUDIES

1. Follow the river reaching out to the sea  
As you follow your heart,  
that yearns to be free  
Afraid at times, but thirsty to live  
To live as a citizen of the world to be  
    We can love, we can thank, we can forgive  
    With this prayer in our hearts  
    We can reach for our dreams  
    We can believe  
    We can work for peace  
    This we can, we can believe

2. Begin your journey of discovery  
Of all things amazing in everybody  
Finding joy in being the only you  
To share and help each other on your journey  
    We can love, we can thank, we can forgive  
    With this prayer in our hearts  
    We can reach for our dreams  
    We can believe  
    We can work for peace  
    This we can, we can believe

We are here, we are here  
Right here in Nagasaki,  
Nagasaki University of Foreign Studies

It'll all start here, we are here  
Right here in Nagasaki,  
Nagasaki University of Foreign Studies.  
In sacred Nagasaki, majestic Nagasaki

3. Who can tell what the future holds  
For all our dreams that will unfold  
Forever to last and will never grow old  
Forever to last and will never grow old  
    We can love, we can thank, we can forgive  
    With this prayer in our hearts  
    We can reach for our dreams  
    We can believe  
    We can work for peace  
    This we can, we can believe
